# 1. Overview

*The Contracts manager provides two alternative views of vessel contracts with start and end dates and the type of contract: a list view and a timeline (calendar) view.*

*The approvals list view is intended to facilitate a review of current contracts and their respective expiry dates.*

*The approvals timeline view provides a timeline or calendar orientated view of contracts as a series of bars.*

*Each of the above views include a drop down vessel selector to facilitate filtering of the information by all vessels or a single vessel.*

# 2. Feature Summary

Timeline view of contracts with start and expiry dates and type of contract

✓

### 3. List View

The screenshot displays the 'Contracts Manager' application interface. The top navigation bar includes a logo, the title 'Contracts Manager', and a 'Demo Mode' indicator. Below the navigation bar, a series of tabs are visible: Home, Business Intelligence, Workflow, Vettings, Tasks [7], Observations [1], Approvals [13], Inspection Diary, Contracts (selected), Inspection Costs, Documents, Pre Charter Questionnaires, and Projects. The main content area shows a table with the following data:

Vessel	Start Date	Expiry Date	ContractType
VesselName: Cymopoleia			
Cymopoleia	01 May 2015	30 Apr 2016	Term

At the bottom of the interface, there are two view toggle buttons: 'List View' (which is active) and 'Timeline View'.

The contracts manager list view provides a list orientated display of all contracts grouped by vessel name.

The list views includes columns displaying the name of the vessel, contract start and expiry dates and the contract type (term or spot).

# 4. Timeline View

The screenshot shows the 'Contracts Manager' interface in 'Demo Mode'. The top navigation bar includes a logo, the title 'Contracts Manager', and a dropdown menu. The main menu contains: Home, Business Intelligence, Workflow, Vettings, Tasks [7], Observations [1], Approvals [13], Inspection Diary, Contracts (highlighted), Inspection Costs, Documents, Pre Charter Questionnaires, and Projects. The main content area is a timeline view spanning from January 2015 to December 2016. A single contract, 'Cymopoleia: Term contract', is shown as a blue bar starting in May 2015 and ending in April 2016. At the bottom, there are two view toggle buttons: 'List View' and 'Timeline View' (which is currently selected).

The contracts manager timeline view provides a calendar orientated view of all contracts for each vessel for the current year and one year prior.

Each contract is displayed as a bar with start and expiry dates and type of contract.

The current date is shown as a vertical blue line.
